Dear Jeff & Sue.

It all started when you started to send us pictures of home's over the computer, we knew right then and there that there is an honest man you didn't throw any punches, you were very honest with us, you always told us the truth, if there was something wrong you would tell us, you always kept in touch.

You have provided the greatest service, you don't need to improve nothing. That's why I'm spreading the word around about you & Susan all we can say is keep up the great work you are doing.

Re/max is the best. (Geoff & Susan Hausmann.)

Our best Cecil & Val.
